**DETAILED ACTION**

***Response to Amendment***

1. The amendment filed on January 13, 2004 has been entered; no new claims have been added.

***Allowable Subject Matter***

2. Claims 1-4 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose the device structure of the instant application. Specifically, the references of record do not teach or fairly suggest a chip resistor structure including a pair of resistors formed on a top and bottom surfaces of a substantially flat substrate as recited in independent claim 1. For these reasons claim 1 is deemed to be allowable over prior art and claims 2-4 are allowable by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571) 272-1921.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nathan Flynn can be reached on (571) 272-1915.
